

## Custom Feed

Do you have a particular ration in mind? Let us know and we will be glad to accommodate you. All custom orders require a minimum of a 250lb order.

Don't see the livestock animal that you have listed? Let us know and we will make a custom ration just for you!

**All feeds are available in 25lb, 50lb bags, 2000lb totes or Auger Trailers.**

## Organic Products From Our Farm

**Organic Milk** ~ Sold by Organic Valley available at your local grocery store.

**Organic Beef** ~ Our cows are fed simply the best! What nature intended of course; grass, hay, and small amount of organic grains. Our cows are intensively grazed on our pastures. They are free of antibiotics, no added hormones, and fed non GMO feed. We process our cows at a certified organic processing facility in Taylorsville, NC.

**Organic Eggs** ~ Free Range Poultry Raised Eggs. Our chickens are fed certified organic feed and get to play on 500 acres everyday!

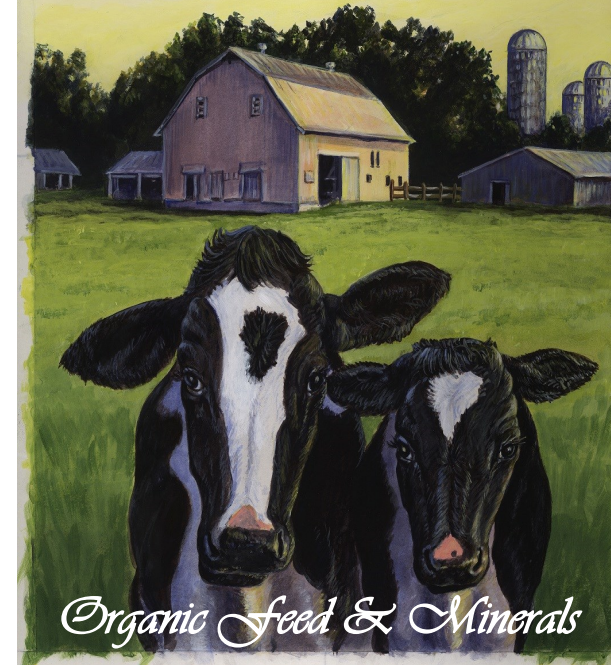

Check out our website below!  
You can place your order there too!

Prices are subject to change at anytime. 8.26.14

# About Us!

Since 2007 Reedy Fork Organic Farm has been certified organic. We are located just outside of Greensboro, NC on 500 beautiful acres. Reedy Fork Organic Farm is owned and operated by the George Teague family and George's father Franklin. Franklin started the dairy in 1950. We do not use antibiotics, hormones, pesticides, or herbicides. We believe it all starts from the ground up. We work for our soils, cows, and products to be in harmony with nature.
